

Greeting Fellow Members

I hope everyone's hunting season was successful. We had a few items from our November meeting to bring you up to speed on.

The club once again assisted with the release of pheasants at the Namaka release site. We release 100 birds/ week all through the pheasant hunting season. Thanks to all who helped with releasing the birds.

The club is still looking for delegates to attend the annual AFGA conference in Fort McMurray. The conference will be held February 20 to 22 2014. Our club will look after all expenses except alcohol. If you are interested in representing our club this year or need more information on the event contact Clint LaRiviere at (403) 901-5715. The club will receive discounts for anyone that registers before Dec. 15th.

The club still needs volunteers for the casino. Our Casino days are February 4th & 5th. Although our casino chair will be on holidays the month of December Darryl will be back in January. If you are able to assist with the casino you can reply to this email and I will pass it on to Darryl when he returns.

The club is looking at Assisting the Wildlife Trust Fund with a \$10,000.00 donation for the purchase of 11 new habitat properties. The properties are spread out through the province and all clubs and zones will benefit from the purchase.

There will be a horn measuring course for members at the club house January 18 & 19th from 9 to 4. If you are interested in attending please contact Bob Williams at 403-369-2113 to register. Don't wait too long the course is filling up.

Once again if you were successful this hunting season and would like to help the club out with a meat donation for the Wild Game Supper contact Larry Olsen. The club was still looking for Antelope, Cougar, Elk, & Pheasant.

Clint LaRiviere
President
Wheatland Conservation
& Wildlife Association.
